

10/23/2007

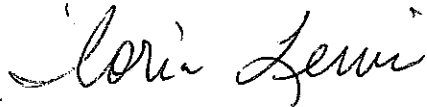

Dear Mr. Nugent,

On behalf of my class at Bramlett Elementary School, I would like to express my appreciation to you for your generous donation of \$500. I teach a small class of students that are mild to moderately intellectually disabled and having enough teaching materials for them is always an issue with the cutbacks in educational funding. Many parents are financially unable to purchase and send midmorning snacks for their children, therefore, a portion of the funds have gone to replenishing our cupboards. I was able to purchase new learning games and materials plus, we are planning a field trip to a local dairy. Field trips are not financed by the county and these students would have never been able to have this learning experience without your kindness.

I have enclosed photos of my very happy group learning of the news that we are going on a "free" field trip.

Again, I offer a sincere thank you .

Regards,

Gloria Lewis
