Dear Mr. Nugent:

I would like to sincerely offer my gratitude for the teacher's scholarship I was recently awarded from your law firm and the Atlanta Falcons. These funds will be so valuable in enriching my science lessons for over 900 students. Please know that all funds will be used to benefit science education for the students here at Woodward Mill Elementary.

Thank you so much for thinking about teachers and their students. I am dedicated to what I do. People like you help confirm that dedication.

Sincerely,

LeeAnne Robb, MAEd
